ABOUT ME

I'm a hybrid Web Designer / Front-End Developer with a penchant for good usable design and clean code. Based in the San Francisco Bay Area, I enjoy conquering new unique challenges and expanding my skillsets.

EXPERIENCE

4+ years in web development

Lead Front End Developer / Web Designer — Zen Den Web Services, Inc.

September 2013 - April 2015

Responsible for leading web projects from start to finish, completing all design & development work, as well as handling client relations, assessing and integrating client feedback and ultimately launching successful, purpose built websites for a variety of different companies & clients throughout numerous industries.

Webmaster — Antioch Herald

August 2012 - February 2014

Maintained web presence for Antioch Herald Newspaper. Managed ad placement and content maintenance.

Freelance Web Designer / Developer

August 2010 — September 2013

Designed & developed websites for local small businesses & institutions.

EDUCATION

Associates Degree — Liberal Arts

Los Medanos College

Studied Art & Design | Graduated June 2013
